

8/28/14 – Martin Law Attorneys Presenting at Annual State workers' Comp Meeting

August 28, 2014

(Philadelphia, PA) – Martin Law partners Matthew Wilson and George Martin are again playing key roles at the [Annual Fall Meeting](#) of the Pennsylvania Bar Association Workers' Compensation Section hosted by the [Pennsylvania Bar Institute](#) on September 11th and 12th at the Hershey Lodge & Convention Center in Hershey, PA.

Wilson, the 2014-2015 section chair, is one of the three planners of this massively-popular two day event, which features several “must see” programs, including:

- “Recent Developments,” a program that the PBI calls “hands down...the most popular session,” which features a fast-paced debate-style review of the latest decisions in workers compensation, hosted by Martin Law founder George Martin and Peter Weber.
- The “State of the Union,” offering updates from the state’s political and judicial leaders in Workers’ Compensation, which will most certainly include an update on the closely-watched Senate Bill 1195 and the almost-depleted Uninsured Employee Guarantee Fund, a fund that was set up to provide benefits to workers whose employers do not carry insurance, but which is now running out of money again, despite a \$4,000,000 infusion two years ago from the Department of Labor and Industry’s General Operating Fund.

Attendees earn 7 Total CLE credits (1 of which may be applied toward ethics) and several social engagements are planned during the conference, offering plenty of networking opportunities.
